**CLAIM AMENDMENTS**

A listing of an entire set of claims 1-19 is submitted herewith per 37 CFR §1.121 to replace all prior versions, and listings, of claims in the application. This listing of claims 1-19 includes (1) a cancellation of claims 1-16 herein without prejudice or disclaimer to the subject matter of cancelled claims 1-16, and (2) an addition of new claims 17-19.

1.-16. (Cancelled)

34

17. (New) A communication system, comprising:  
    a telephone;  
    a web browser  
    a telephone switch operative to interact with the telephone and provide a control function to a user of the telephone;  
    a web server connected to the telephone switch and operative to provide the control function to the user of the telephone via a web page provided by the web server and accessible by a web browser, wherein one of the web page and the web browser is operatively associated with a calling number of the telephone.

18. (New) In a communication system employing a telephone and a telephone switch, a web system comprising:

    a web server; and  
    a web page provided by the web server and accessible via a web browser;  
    wherein the web server is operable to interact with the telephone switch and the web page is operable to interact with the web browser to thereby provide a control function to a user of a telephone, and  
    wherein the web page is operatively associated by the web server with a calling number of the telephone.
